

Remedy Design Center

Full-service firm and resource center for independent designers

Remedy Furniture & Design Center — or Remedy — offers a unique approach to interior design solutions. Remedy has a team of carefully selected and talented designers to help create, manage and execute your project. From new construction to remodels, specializing in residential and commercial design, the team members at Remedy uses their design tools to create a custom, cohesive look that is uniquely yours.

Remedy is a resource center for independent designers who have met the criteria to source from and have access to furniture lines. Remedy recognizes the need for designers to have a place to come and create as well as collaborate.

Remedy does everything from exterior selections to interior textiles, executing all the details in between, creating the perfect space specific to you. Remedy truly is a full-service design firm and resource center.
